Deaths

PAWSON, Judith Anne (nee Kendall):
Of Carterton. On 22nd January 2026 at Wairarapa Hospital surrounded by her family. Aged 83 years. Cherished mother and mother-in-law of Colin and Nicola, Sharyn and Tony, Glenn and Kim. Proud Nana of Laurie, Mitchell, Josh, Jaylon, Rhys and Samuel and GG to Serena, Ollie, William, Tilly, Maya and Kadee. Loved sister of Gaye, Donna, Susan and Bill. Special friend to the miniature horse fraternity in the Wairarapa.

"The sadness they felt while they were apart Has turned to joy once more in each heart. They nuzzle with a love that will last forever. And then side-by-side, they cross over ... together."

In accordance with Judith's wishes a private family service has been held. Messages to the Pawson family C/- PO Box 185, Carterton or left on Judith's tribute page at www.tributes.co.nz

Public Notices

PUBLIC NOTICE OF APPLICATION FOR OFF LICENCE SECTION 101, SALE AND SUPPLY OF ALCOHOL ACT 2012

Padda Enterprises Limited, 9 Russell Street, Masterton has made application to the District Licensing Committee at Masterton District Council for the renewal of Off Licence in respect of the premises at 9 Russell Street, Masterton known as Big Barrel Masterton.

The general nature of the business conducted under the licence is **Bottle Store**.

The days on which and the hours during which alcohol is (or is intended to be) sold under the licence are:

Monday to Sunday 8am to 10pm.

The application may be inspected during ordinary office hours at the relevant District Licensing Committee where the premises is located.

Any person who is entitled to object, and who wishes to object to the issue of the licence may, not later than 25 working days after the date of the first publication of this notice, file their objection in writing with the Secretary of the relevant District Licensing Committee:

Masterton District Council, 161 Queen Street, Masterton PO BOX 444, Masterton 5840

No objection to the issue of a renewal licence may be made in relation to a matter other than a matter specified in section 131 of the Sale and Supply of Alcohol Act 2012. **This is the second publication of this notice - 28th January 2026**

Public Notices

Southern Tararua & Project Kaka Aerial Pest Control Operations

EcoFX (Rentokil Initial) wishes to advise the public of its intention to aerially apply the toxin Sodium Fluoroacetate (1080) for the purpose of controlling pests in the Southern Tararua ranges.

The Southern Tararua operation is being undertaken as part of OSPRI New Zealand's TBfree programme to protect local farms from tuberculosis infection. The Project Kaka operation is at the Northern end of OSPRI's TB Management Area in Southern Tararua. OSPRI NZ is managing the Project Kaka operation on behalf of the Department of Conservation (DOC).

Control Area:

The Southern Tararua Ranges north of the Remutaka Hill Road (SH2), east of Akatarawa Road, south of Tarn Ridge Hut, west of Greytown. A map of the treatment area may be viewed on the OSPRI website: www.ospri.co.nz/our-programmes/tbfree

Commencement Date:

The operation will commence with the application of non-toxic cereal pre-feed pellets beginning on the first day of favourable weather from early February 2026. At least 5 days following the completion of pre-feeding, in the next suitable weather window, the application of cereal pellets containing 1080 will commence.

Southern Tararua Bait Description:

Pre-feed: Cereal based pellet, approximately 16mm in diameter, brown in colour.

Toxic bait (Sodium Fluoroacetate (1080): Cereal based pellet, approximately 20mm in diameter & dyed green).

Project Kaka Bait Description:

Pre-feed: Cereal based pellet, approximately 16mm in diameter, brown in colour.

Toxic bait (Sodium Fluoroacetate (1080): Cereal based pellet, approximately 16mm in diameter & dyed green).

Managing risk

1080 is poisonous to humans, domestic and game animals. In areas where the toxin has been applied, dogs are highly at risk until poisoned carcasses have disintegrated. This takes four-to-eight months or longer.

There will be warning signs placed at entrances to the treatment area immediately prior to the operation.

Risks can be eliminated by following these rules:

- **DO NOT touch bait**
- **WATCH children at all times**
- **DO NOT EAT animals from this area** or within the buffer zone outside the treatment boundary. The buffer zone is 2 km for deer and pigs, 200 m for rabbits, and 1 km for hares and possums.
- **Poison baits or carcasses are DEADLY to DOGS**

Observe these rules whenever you see warning signs about pesticides. These signs indicate pesticide residues may be still present in baits and poisoned carcasses. When signs are removed, normal activities can resume. If in doubt, check with your local OSPRI office. Please report suspected vandalism or unauthorised removal of signs.

Further Information:

Southern Tararua & Project Kaka Aerial Operation, EcoFX, PO Box 248, Otorohanga, telephone 07 873 8130, ecofx-office-nz@rentokil-initial.com.

Situations Vacant

Production Operators

Juken New Zealand Ltd currently have varied Production Operator vacancies available.

As a Production Operator you can expect to be working in any of the various departments within our Wairarapa Mill. Working for JNL you will be part of one of the Wairarapa's largest employers, joining a dedicated and close-knit team of staff.

Hours of work - vary depending on which department you are working. We will talk to you about this and try to accommodate your preferences.

You may find yourself doing things like:

- Operating Equipment, forklifts and loaders
- Operating different machines throughout the departments in the mill.
- Operating a chainsaw in our log yard, this involves grading logs to make sure we optimise their value.
- Helping to meet deadlines to ensure orders are met
- Making sure machines are kept in good condition

Applicants will need to be organised and self-motivated, and able to get along with their co-workers.

Working for us you'll have excellent training opportunities, a Super Scheme with very generous employer contributions, an onsite cafe, plenty of free parking and a great working environment which is extremely health and safety conscious. Among other things we also offer free medicals, flu vaccinations, EAP support services and a very active social club.

We offer competitive remuneration, comprehensive benefits and clear pathways into future management roles if this is your preference.

All successful applicants will be required to undergo pre-employment criminal history check as well as a medical including, hearing and drug and alcohol testing.

If this is for you, please call into our office at 24 Norfolk Rd, and pick up an application for employment. Alternatively, contact one of the below to have one sent to you.
